My dear Mr. Fay

I need no urging to lay the
claims of your workers
upon the Corporation and you
may be sure that in Farlow's
care I shall do all in my
power to bring the Corporation to
your view. There is no one among
the kinship but who deserves a
full salary more than he does
and no one who ought to be considered
as favorably as ^{can} I do. for his
devotion. The salary is more than

well paid. The matter of the salary is settled since
the absence of the near Corporation meeting and I have
been glad to bring up the subject and
consequently
I am very truly
Yours
A. S. Peabody
